TRC-LU STRATEGY REVIEW FACILITATORS GUIDE

Purpose:

The Strategy Review is a structured process to monitor progress, identify challenges, and agree on actions that sustain or improve performance. This guide helps facilitators ensure productive and focused sessions.

1. Preparation

- Review the filled-out Strategy Review Template in advance.
- Ensure that each unit has updated data (targets vs. actuals, deliverables, and status).
- Prepare a brief agenda:
Objectives → Measures → Key Result Areas → Action Points.

2. During the Review

1. Open the Session
 - State the purpose of the review: to align, assess, and act.
 - Remind participants of the ground rules (respect, focus, time management).
 2. Discuss Objectives & Units
 - Confirm the listed objectives and contributing units.
 - Ask: Are we aligned on who is accountable and involved?
 3. Review Measures
 - Compare Target vs. Actual.
 - Mark status: ✓ On Track, ! At Risk, ✗ Not Met.
 - Ask: What factors contributed to this status?
 4. Examine KRAs and Deliverables
 - Go through each deliverable and check progress.
 - Highlight successes and bottlenecks.
 - Ask: What helped us succeed? What slowed us down?
 5. Agree on Action Points
 - Fill in the Continue–Stop–Start table.
- Ask:
- What should we continue doing?
 - What should we stop because it's ineffective?
 - What should we start to improve results?

3. Closing the Session

- Summarize agreements (objectives, progress, next steps).
- Assign clear responsibilities and deadlines for action points.
- End with a call to sustain collaboration and accountability.

Tips for Effective Facilitation

- Keep discussions evidence-based and time-bound.
- Ensure all voices are heard, not just the loudest.
- Focus on solutions, not just problems.
- Document agreements clearly for follow-up.
